

2020-2021 End of Year District Summary

Sawyer Community,

It is hard to believe the end of the 2020-2021 school year is just around the corner. Looking back, I am extremely impressed with our students' unprecedented success during such an unprecedented school year. Students adapted and persevered through many challenges. I am even more impressed with the support the community has shown our schools, our staff, and our students. This year would not have been the same without your support.

The document below contains important information regarding the end of this school year along with information regarding the next school year. Our plan is to return students and staff to 100% in-person instruction that will provide a robust experience in a safe environment five days a week. We will continue to monitor updated guidance from New York State and the Department of Health and will share any information as it becomes available.

As always, stay safe and be kind to one another,

Kirk Reinhardt
Superintendent of Schools

Parent/Guardian Survey:

Parents/Guardians:

We are seeking your feedback on our "Family-School Relationships Survey." Please complete one survey for each building you have students in. For example, if you have 2 students in Cahill and 1 student in the High School, we are asking you to complete the survey once for Cahill and once for the High School. The information from this survey will be used to drive building goals for the 2021-2022 school year.

Below are a sample of the questions:

- How much of a sense of belonging does your child feel at his/her school?
- How fair or unfair is the school's system of evaluating children?
- Overall, how much respect do you think the teachers at your child's school have for the children?
- Which option do you feel would be the most beneficial for students who have experienced the most learning loss and/or social emotional struggles over the past year?
