Dear Parents/Guardians and Staff:

The Ulster County Department of Health is sponsoring Vaccination Clinics for individuals ages 12+ in every Ulster County School District over the next several weeks. The table below contains the vaccination locations available in Ulster County for the month of October. Use the embedded links to schedule an October appointment. If the link takes you to a screen that says, "No Appointments Available," it means that all appointments have been filled. The link works best with the Google Chrome browser. On the final page of the registration, it will say "print this page" or "done" and will confirm the appointment is done. Bring your printed/screenshot registration ticket and an ID that shows proof of eligibility (age).

IMPORTANT:

-Receiving a COVID-19 Vaccine is completely voluntary.

-A guardian must be present at the time of the vaccine and bring a photo ID.

-Saugerties Central School District is not endorsing whether your child should or should not be vaccinated or what vaccine they will or will not receive.

-Saugerties Central School District is only helping to facilitate this process if guardians choose.
