**Objective**

Students will be able to choose a desirable behavior from two alternatives and demonstrate proper library behavior.

**“I Can” Statement**

I can choose the right library behavior. I can follow the rules.

**Common Core Standards**

CC.K.R.I.2 Key Ideas and Details: With prompting and support, identify the main topic and retell key details of a text.

**AASL Standards**

1.1.6 Read, view, and listen for information presented in any format (e.g., textual, visual, media, digital) in order to make inferences and gather meaning.

**Procedures**

1. Assign seats to students.
2. Review library rules using interactive whiteboard activity.
3. Play Library Rules Charades: pair students up. One student will demonstrate the incorrect behavior and the other student will demonstrate the correct behavior.
4. Use the interactive whiteboard Name Spinner to randomly select students to tell the class which behavior is the correct one.

**Assessment**

Students will demonstrate their understanding of library rules by choosing the appropriate behaviors.

**AASL Standards**

4.1.3 Respond to literature and creative expressions of ideas in various formats and genres.

**Procedures**

1. Seat students at tables.
2. Choose another simple book from the library to read aloud. The book should have a limited number of characters and an obvious setting.
3. Distribute a story elements graphic organizer to each student and print the book title on the board for them to copy.
4. Instruct students to draw a picture of the book's characters in the appropriate section of the graphic organizer.
5. Students should also draw a picture of the book's setting in the appropriate section of the graphic organizer.
6. As a group, discuss the book's plot and record the responses on the interactive whiteboard.
7. If time allows, students can copy down the plot.

**Assessment**

Students will be able to draw the book's characters and setting.

4.1.3 Respond to literature and creative expressions of ideas in various formats and genres.

**Procedures**  
1. Seat students at tables.
2. Distribute blank trading cards and markers, crayons, and scissors.
3. Display books you've read during the month at the front of the room.
4. Tell students to create trading cards based on their favorite characters from the books we read earlier in the month. They should draw the character and setting.
5. Once they have completed several cards, students should ask friends to identify the character, setting, and book title.
6. If desired, students may trade their character cards with other students.

**Assessment**  
Students will be able identify book characters and settings on their classmates' trading cards.

**Objective**  
Students will be able to participate in planning the research topic (insects - choose one or more) and help the teacher fill out a KWL chart.

**“I Can” Statement**  
I can help choose the research topic and plan things I'd like to learn about the chosen insect(s).

**Common Core Standards**
- **CC.K.W.8** Research to Build and Present Knowledge: With guidance and support from adults, recall information from experiences or gather information from provided sources to answer a question.
- **CC.K.W.2** Text Types and Purposes: Use a combination of drawing, dictating, and writing to compose informative/explanatory texts in which they name what they are writing about and supply some information about the topic.

**AASL Standards**
- **1.1.2** Use prior and background knowledge as context for new learning.
- **4.1.5** Connect ideas to own interests and previous knowledge and experience.

**Procedures**
1. Seat students on story rug.
2. Briefly review the difference in fiction and nonfiction texts.
3. Provide a very simple explanation of the project you will complete as a group, asking students to help you select an insect to research. If you teach multiple Kindergarten homerooms, you may want to choose a different insect for each homeroom so students can present their findings to another homeroom at the end of the project.
4. Complete a KWL Chart with the class on chart paper, whiteboard, or interactive whiteboard (K and W only).
5. If time allows, read a short book about the chosen insect(s) and review the book’s contents.

**Assessment**  
Ask students to name the research topic (insects or another chosen topic).
